Dear Class of 2012,

Our time is finally here! Over the past four years, we've definitely left our mark at Taunton High School. We've bonded, laughed, cried, and had our ups and downs, but it's created a memorable journey. Without the leaky ceilings in the cafeteria, trash cans blocking off the hallways due to leakage, classroom changes after vacation, the gas leak, and of course all of the "jostling of the fire alarms," these memories couldn't have been created. Most importantly, we made it through and excelled beyond the expectations of our teachers.

The class of 2012 sticks out from all of the rest for several reasons. We have our own way of showing spirit. We'll always be remembered for going against the "norm." For example on white out day we decided to completely black out the school. No matter what type of a clique we're in, everyone seems to pull together on spirit days. Not to mention our class's great win in powderpuff this year! We finally won the championship and received the recognition we've been striving for since freshman year. Freshman year we started with just seven people on our team but as the years went by we grew in number and strength and got what we deserved.

Not only has our class dealt the most with the renovation, we were the first senior class to experience the eighth graders coming to the high school. We've managed to find ways of adjusting to their presence, and even to help them in certain situations. Some of us have created friendships with them that we'll never forget. We have lead them by example and have left them with big footsteps to fill.

Many of us look forward to the day we will leave Taunton High and start our futures. But I'd like to thank everyone for all the lessons I've learned and experiences I've had with all of you. We've set goals and new records, and are on our way to leading big lives in high places. Our class is incredibly talented in sports, leadership, and in the arts. Here's to the future and to wherever life takes you, but no matter where you go, don't ever forget where you came from.

Yours truly,

Janelle Oppenheim

I guess when it comes down to it, being grown up isn't half the fun as growing up. These are the best days of our lives. The only thing that matters is just following your heart and eventually you'll get it right.

Will stay with us forever.
